NEW PARTNERS AND IDEAS

New partnership with American Lore Theater. Enabling storytelling through theater outside of ACAD, to further engage those in surrounding areas.

Art & Soul free art classes in partnership with ceramicist Lila Day. These classes reverse engineer Maslow's hierarchy of needs and work to establish a 3rd space community and alternatives to violence and addiction through art classes.

MENTORSHIPS

ACAD (Aurora Cultural Arts District) takes pride in its commitment to mentoring and supporting artists in their creative journey. We provide guidance and resources to help artists develop their skills, expand their artistic vision, and navigate the art industry. Our experienced mentors offer personalized advice and foster a nurturing environment that empowers artists to reach their fullest potential. Recently we have also adopted artist, Thomas “Detour” Evans, book “Be The Artist“ to aid in artist mentorship.
