

# creative district

— CRESTED BUTTE —

## What's the newest (or most exciting) programming taking place in your district?

- Crested Butte Community School Performing Arts Program Partnership- this partnership allows us to bring students of CBCS to the Center for the Arts to learn from local artists.

— CRESTED BUTTE —

## What are you working on next—in terms of programming or district operations?

- Celebrate the CCI Summit being held in CB!
- Continue to develop our CBCS Performing Arts Program Partnership.
- Complete our Creative District Strategic Plan
- Improve marketing strategies and overall reach as a district- locally and regionally
- Help with the creation of the Gunnison Valley Artist Directory

— CRESTED BUTTE —

## How are you receiving mentorship from others and how are you facilitating mentorship in your district?

- We meet monthly with the other destination partners to discuss marketing for the Colorado Creative Corridor.
- We have also been working closely with the newly named Gunnison Creative District to create a Valley-wide directory for artists. This relationship is really meaningful to us as it allows us to facilitate mentorship while also piggybacking off of some of their excitement and fresh ideas.
- CBCS School Performing Arts Program Partnership - facilitate mentorship with artists in the valley and kids who we hope will grow up to be active members of our Creative Districts.
