Creative Pop-Up Grants

We are excited to launch Creative Pop-Up Grants. We are looking for projects, events, and activities that are inclusive, preferably free, unexpected activations that encourage artist/creative collaborations.

Goals of the grants are to:

- Bring a diverse group of people into the Longmont Creative District
- Enhance the community with arts, culture, education or other engaging activities
- Utilize public, outdoor, or highly visible spaces
- Provide creative, cultural, or unique experiences
- Encourage partnerships between creatives in the community
- Enhance marketing efforts for downtown and the creative district

Longmont Arts Week

September 9-16

Artwalk Kickoff!

Rhythm @ Roosevelt Closing Event

We are looking to launch Pop-Up Grants in August with possibly first grants debuting during Longmont Arts Week in September.

Mentorship

Downtown Longmont has spent over a decade nurturing our creative community creating an environment that's welcoming, supportive, engaging, and inspires our creative community to connect, get involved, and give back.

Our quarterly Creatives Happy Hour & Longmont Creates membership connects local creatives and facilitates collaboration, connection, and sharing information about local resources.

Thank you!

Antonio Lopez

Longmont Creates Board Member
