

Cabaret Cast and Crew

A 41 year tradition full of skits, dances, songs and comedy that is written, produced and performed by locals for locals.

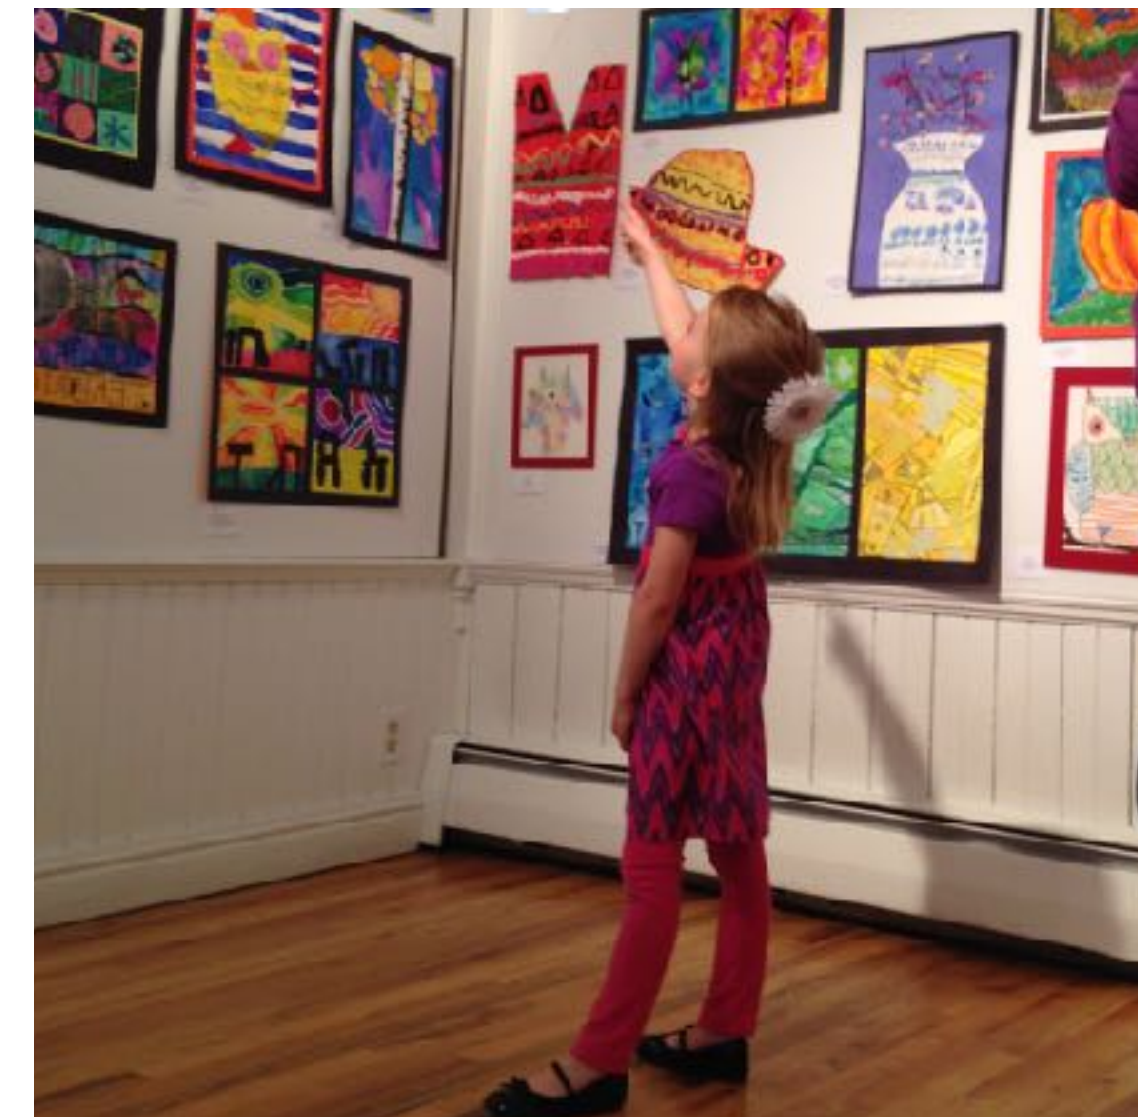

Young at Art Creativity Camps

Young at Art started in 1988 at the Depot Art Center. These multi-genre creativity camps are delivered in partnership with teachers, professional artists and cultural nonprofits so our community can easily access enrichment for children and families. We create job opportunities with a living wage while offering scholarships and support services to those in need.

Young at Art Creativity Camps
